

## Innovation Researcher

---

Do you have a scientific background, eye for detail and a passion for technology & innovation?

Are you looking for an opportunity to unveil high-impact innovation with the potential to transform the performance of the commercial built environment?

The [Innovation Gateway](#) is looking for a Researcher to support our team for eight weeks in sourcing innovative PropTech solutions for our clients, the very core of our programme activity.

The role represents a great opportunity for you to develop new skills, get a lot of hands-on experience and enrich your CV.

### Who you are

- **Technical understanding.** You have experience in market research and analysis of technology products.
- **Team player and naturally curious.** You work well in a team environment and learn new things faster than most.
- **Detail oriented.** You have good attention to detail.
- **An agile problem solver.** You can work independently and can demonstrate handling multiple issues at once.

### What you'll do

- Complete desktop research under the guidance of the Innovation Manager (core activity).
- Regularly brief the team on research outputs and identified technology.
- Support the team with ad hoc tasks to ensure successful programme delivery.

### Opportunities

- Work in an award-winning business that is changing the way global corporations manage their property portfolios.
- Develop an understanding of sustainable innovation across large organisations.
- Grow your skills and experience in a fast-paced work environment and organisation, recognised as a world leader in the sustainable business field.

### Who we are

The [Innovation Gateway](#) is an alliance of organisations working in partnership to source, manage and implement high-impact innovation.

Our mission is to transform the performance of buildings to reduce the risks and cost of adopting high-impact solutions to energy, waste and water efficiency.

Collaboration and Passion lies at the very core of our DNA, along with an ability to create trusting relationships and a "Make it Happen" attitude.

## Job summary

**Location:** Oxford, UK.

**Remuneration:** £375 per week

**Contract Term:** 8 weeks, starting 17<sup>th</sup> June 2019.

**Applications to:** [zoeparminter@innovationgateway.com](mailto:zoeparminter@innovationgateway.com)

\*Please include in the email subject line the position you are applying for and your name.

**Closing Date** 26<sup>th</sup> April 2019, but the position will be filled as soon a suitable candidate is identified.

Innovation Gateway is currently only able to consider applications from those with a permanent right to work in the UK (i.e. this excludes those who have valid work visas). Innovation Gateway is an equal opportunities employer. We are committed to ensuring that no job applicant or employee receives less favourable treatment on the grounds of gender, marital status, race, colour, ethnic origin, sexual orientation, age or disability, and that all appointments are made purely on the basis of merit.

Please apply by sending a CV and cover letter explaining why you are suitable for this specific role to [zoeparminter@innovationgateway.com](mailto:zoeparminter@innovationgateway.com).
